

It's not on the menu?

Don't worry – we can cater to whatever it is you need to make your event a success. Special dietary needs? No problem. A custom menu? Certainly.

We do more than just food – we do service.

What did we forget?

Regardless of the size or nature of your event, our exacting standards and attention to detail go well beyond the gorgeous food and stunning presentation.

Supermarket sandwiches on a plate just won't cut it, so we pride ourselves as much on our professionalism and attention to detail as on the quality of our food.

Needless to say we're happy to arrange anything and everything from cutlery to linen, and fresh cut flowers to tables.

We provide free delivery as standard and can even arrange service staff if needed. Our job is to ensure you don't have to lift a finger.

P.S. And if all you need is some tasty sandwiches – that's fine too. We'll just make them the best damn sandwiches we can.
